ACIS - 1100/85

MEMORANDUM FOR: Mr. Robert C. McFarlane
Assistant to the President for National Security Affairs

FROM:
DCI Representative to the Senior Arms Control Group

SUBJECT: Briefing for Congressional Observer Groups (OUO)

25X1

1. This memorandum, on behalf of US intelligence and the Joint Chiefs of Staff, responds to your verbal tasking in the meeting of the Senior Arms Control Group on Friday, 22 February. (OUO)

2. Our proposal is that the Red-Blue briefing be given to the House and Senate Arms Control Observer Groups on 6, 7 or 8 March in the Capitol (Room S-407). That room is large enough to hold about 30 plus people. This briefing should be done at the TS/SCI-level. Attached is an outline of our proposed briefing. This outline, as the briefing itself, use existing materials.

25X1

3. We believe State should take the lead, with NSC Legislative Liaison, to negotiate a date and time. The briefing should be scheduled for 2-3 plus hours; the material will require at least two hours and questions will push the time to about three. (OUO)

4. If there is more we can do for you here, please call. (U)
